May 2013 Issue 11 Newsletter

MILESTONE

When we started Sun & Black flowers way back in 1994, were just five with a small office and a nursery. But we knew what we were into—landscaping. It was our passion that has sculpted this company. Yes, from a simple nursery to a range of high-tech products such as ‘designer swimming pool’ is a long way, and not a mean task. Pool’ is a long way, and not a mean task.

We have about 100 professionals working in Sun & Black flowers today and a large number of discerning customers.

The success, of course, has been the result of collective work. Of our staff and the patronage of our customers.

How truly has Babe Ruth, the legendary baseball player, said: “ The way a team plays as a whole determines its success. You may have the greatest bunch of individual stars in the

Thank You

Clients & Employees

world, but if they don't play together, the club won't be worth a dime."

We take this occasion to thank our staff and our customers: you have been a source of constant encouragement and inspiration.

Customers come with varied tastes and predilections. Sometimes they are right, and you learn from them, and sometimes, their knowledge may be limited, and you help them. However, doing so is not easy. Patience and empathy are needed. Our customers have been very understanding, and the credit of some of the finest pieces of our work goes to them. Thank you customers!

Nineteen years and we are still young, still in the teens. New goals beckon us and new quality paradigms dictate our work culture and style. And we are all geared up. To reach new milestones.

CUSTOMER IS THE KING

At Sun & Black flowers we truly believe what John Wanamaker has said: When a customer enters our store, forget me. He is king.

We are into servicing our customers in landscaping. Our professionals ensure that they get the better part of the deal. Good design, good execution and doing something more is our policy. No wonder that our old clients approach us for every landscape need, and new ones come on the recommendation of the old ones.

It is not just catering to the fine tastes of the customer but also working within the limit of the budget that they have set aside

for their project. This keeping of the schedule and keep within the budget limit has won us a number of repeat customers.

And our work does not end with the completion of the project. Our professionals keep in touch with customers for any after-sales service.

At Sun & Black flowers it is business with genuine service. No wonder that we not only survived but greatly grown in the last two decades.

PROFESSIONALS AT WORK

Our team is one of professionals—people who know their job. Also, they have an edge over others—they know their customers too.

Design, colour, favourites, and preferences—we know who wants what. When you know the mind of your customer, execution becomes easy. That is why we do well, and we deliver on time.

It is not just a team but a dedicated team. Some of our professionals have been with us since inception. So when you want to get a job done, you can leave it to us. We have a trained and certified team that executes the job.

You will get a finely finished product.

A NOTE FROM THE CEO

As we move ahead with our life's different phases, we aspire for peace, serenity, good health, happiness, wealth and many

more such good things that life can shower upon us and our loved ones.

One such important aspect of life is the environment in which we live, work, educate, and entertain ourselves with. At Sun & Black Flowers that's what we aspire to give our clients: an environment using the best of what nature can provide to give them the desired serenity and peace of mind for their holistic wellbeing in the space where they live in.

I take this opportunity to invite you to understand the Sun & Black Flowers grand vision for your property through our expertise in design and development of turnkey solutions in the landscaping space and making your dreams a reality!
